#### ***Overview of School***

The San Francisco School is an independent school, pre-K through eighth grade, with a commitment to a multicultural and inclusive community. Suitably characterized by one parent as an “urban school with a village atmosphere,” The School embraces San Francisco’s ethnic, cultural, and economic diversity. Our progressive approach to education encourages children to develop self-reliance, solid academic skills, creativity, and a sense of social justice. Students learn to think like disciplinarians in a field, consider big and central ideas, and can find and develop their own passions. They graduate academically prepared, inquisitive, courageous, and eager for the challenges ahead.

***The San Francisco School is committed to increasing staff diversity, both to reflect the high value SFS places on a multicultural understanding and for the direct benefit of each student.***
