

Hello Readers,

Soon you will be in 3rd Grade. What a milestone!

Over the summer, I hope you don't forget to do some reading. Maybe every day, maybe more than once a day...when you have down time in your house or riding in a car or plane.

As you work on your reading this summer see how many of these to-do items you can check off:

- Read 1 book from start to finish
- Read a 2nd book from start to finish
- Read a 3rd book from start to finish
- Have someone take a picture of you reading in your favorite summer reading spot
- Make a list of your favorite authors
- Make a list of your favorite illustrators
- Pick a favorite series and make a review of why you like it that might convince others to try it out
- Make a bookmark for yourself
- Read a non-fiction book that can teach you more about a fiction book that you read

Then, on your first day of 3rd grade, bring in everything you worked on including this sheet!
